

Investor Value

Florence, Forest, Marinette, Lincoln, Langlade, Oconto, Oneida, Vilas

Grow North values its crucial **established** relationships with Wisconsin Economic Development Corporation (WEDC) and local county economic developers to align with like-minded partner organizations to advance those issues important to the business environment and economy of the Northwoods. These partners include education, public service, government, health care, manufacturing, tourism, entrepreneurs and individuals.

You can make an impact by supporting regional efforts for continuous improvement in quality education that will feed the pipeline of a talented workforce, foster the thriving businesses and industries that shape the future of the Northwoods, which encourage entrepreneurial innovation, and who strive to be in the forefront of economic strength and growth.

Investor Benefits

Collaboration for the promotion of the Northwoods of Wisconsin

How you become more involved: Grow North's strategic initiatives that support our regions projects look for crucial partners to move a project forward

- **Recognition** in newsletters and press releases as a sponsoring partner for economic development in the Northwoods
- **Advocacy** by Grow North staff for the eight county region of the Northwoods on important issues, legislation, regulation, and the advancement of regional economic development
- A voice in education and **workforce development** between businesses, educational organizations, Partners In Education, the Department of Workforce Development and Grow North
- **Marketing** of the region to resident stakeholders as well as externally to visitors, businesses and potential residents
- A **vote** on all issues that come before the general membership, and the annual election of Board of Directors who represent all of the membership and stakeholders
- **Communication** of activities, accomplishments and direction of Grow North
- **Collaboration** throughout the region of the Northwoods with entities dedicated to the mission of Grow North
- **Alignment** and collaboration between tourism and economic development through Tourism Council
- Each dollar **invested** leverages a matching amount from WEDC

Invest in regionalism: the strength of eight county-level economic developers working in collaborative partnership to move the Grow North region forward. Our project work involvement gives you a voice and ensures your contribution makes an impact.
